

Conference “*Unshackling Innovation: Will Europe block or enable GM crops*”

European Parliament, 27 September 2016

**Em. Prof. Marc Van Montagu
President, Public Research and Regulation
Initiative (PRRI)**

Value Chain

Plants for Knowledge

René Magritte: La condition humaine I, 1933

The Demanding Ethics of Knowledge

Unnatural?

One of the world's most important staple crops, the sweet potato, is a naturally transgenic plant that was genetically modified thousands of years ago by *Agrobacterium*
