

YOU ARE INVITED TO A DIALOGUE ON

**RESPONSIBLE INNOVATION,
MODERN BIOTECHNOLOGY, &
SYNTHETIC BIOLOGY**

1:15 PM DEC 12 2016

ASIA & THE PACIFIC REGIONAL GROUP ROOM,
SUNRISE BUILDING 2ND FLOOR

All of us face common enemies: starvation, malnutrition, environmental degradation, diseases, and pests. Biotechnology, when developed and used responsibly, can help solve these problems in a more sustainable way.

Come and learn about the potential of this field through presentations of student work and an open discussion.

AGENDA

MODERATOR: DR MARGARET KAREMBU

1.15-1.30: Innovation in Biotechnology

1:30-1:40: Introduction to Synthetic Biology & iGem

1.40-2.10: Examples of Student Synthetic Biology Research

2:10-2:45: Open Discussion
